

Digital StoryTelling Workshop

Event and Itinerary Schedule

Dear Workshop Participant,

Thank you for your interest in the California Listens Digital Storytelling Workshop on Friday & Saturday, September 8th and 9th, from 9am – 5pm (both days) at San Benito County Free Library, 470 5th Street, Hollister, CA 95023. We will process your registration and application over the next week and get back to you confirming your attendance. We want to review some basic details with you, to confirm you understand the commitment for this workshop.

The Workshop:

You will be attending a two day do-it-yourself production workshop in Digital Storytelling. StoryCenter and Library staff are **NOT** making a movie for you; you are making the movie yourself. This means you will write and record a script, and then work to create a basic video draft by adding images and video in a video editor. You need not have background or expertise in the process: you will be supported through the process at every point. If you are confirmed for this workshop we will be sharing a more complete preparation worksheet in order to prepare you for the process. We expect this will take 1-2 hours of your time prior to the workshop.

The Agenda

The following is what will take place over the two days; it is an intensive amount of work and focus, but it is also quite fun and powerful.

Day 1	Friday, September 8th, 2017
9:00am	Introductions
9:15am	Overview to Digital Storytelling/Seven Steps
10:00am	Story Circle – Group concept and script feedback
12:30pm	Lunch
1:30pm	Script and Image Work – Possible Voiceover recording
4:30pm	Check ins
5:00pm	Workshop End
Day 2	Saturday, September 9th, 2017
9:00am	Record Voiceovers- Gather Images
11:00am	WeVideo Video Editing Tutorial
12:00pm	Lunch

12:45pm	Editing of Rough Edit
4:00pm	Group Story Sharing – Of audio, partial drafts, or rough drafts
4:45pm	Farewell and Follow-up
5:00pm	Workshop End

In these workshops, we inevitably have material which we will still need to “clean-up” after the workshop. We will communicate with you about our intentions in post producing the movie files. We expect this could take 1-5 hours of your time after the workshop.

You will receive your own copy of the movie to use however you want. However, the purpose of this project is to create an archive of these stories for the California State Library and your local library. You understand that by participating in this project you are granting license to the California State Library, to San Benito County Free Library, and to StoryCenter, to manage and exhibit the story; and that all images, texts, moving images, sound or music used in your projects belongs to you, or you have appropriate license to use that material. You will be required to sign a release stating this as part of your participation.

If considering this information you are reconsidering your interest or registration, please let us know immediately. Otherwise, we will put you in the pool of interest, and follow-up with you in the coming weeks.

We look forward to meeting you!

For questions please contact:

Joe Lambert
Chief Listener and Convener
StoryCenter
1250 Addison Street, #103
Berkeley, CA 94702
